## Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Business Online Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Business Online Public Company Limited and its subsidiaries as at 30 September 2017, the related consolidated statements of comprehensive income for the three-month and nine-month periods then ended, and the related consolidated statements of changes in shareholders' equity and cash flows for the nine-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Business Online Public Company Limited for the same periods. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting. My responsibility is to express a conclusion on this interim financial information based on my review.

### Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting.

Business Online Public Company Limited and its subsidiaries
Notes to interim financial statements

For the three-month and nine-month periods ended 30 September 2017

#### 1. General information

## 1.1 Corporate information

Business Online Public Company Limited ("the Company") is a public company incorporated and domiciled in Thailand. Its major shareholders are Advanced Research Group Co., Ltd., which was incorporated in Thailand, and Keppel Communications Pte. Ltd., which was incorporated in Singapore. Its principal activity is service provider and developer of local and global financial information system and as an online and offline business information service provider as well as consulting service and database management. The registered office of the Company is at 900/8-10 SVOA Tower, Rama III Road, Kwang Bangpongpang, Khet Yannawa, Bangkok.

#### 1.2 Basis for the preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 (revised 2016) Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

On 1 September 2017, the Company entered into a consortium agreement with Ecart Studio Company Limited which is a related company and Loxley Public Company Limited for jointly form "L B E Consortium" which will engage in project Collateral Appraisal Management system (CAMS) and Geographic Information System (GIS) with Government Housing Bank. The management of the Company determined that the joint arrangement is joint operation (between the Company and other joint operators), with the Company having an interest of 28 percent according to the consortium agreement. According to TFRS 11 Joint Arrangements, the Company recognised the assets, liabilities, revenue and expenses related to the Company's interest in the joint operations in both the consolidated financial statements and separate financial statements.

BUSINESS ONLINE PUBLIC COMPANY LIMITED

(Mr. Noravat Suwarn)
Director

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

#### 1.3 Basis of consolidation

The interim consolidated financial statements included the financial statements of Business Online Public Company Limited and its subsidiaries and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2016. There has been change in the composition of its subsidiaries from the establishment of a new subsidiary during the current period as discussed in Note 9 to the interim financial statements.

#### 1.4 New financial reporting standards

### (a) Financial reporting standards that became effective in the current period

During the period, the Company and its subsidiaries have adopted the revised financial reporting standards and interpretations (revised 2016) and new accounting treatment guidance which are effective for fiscal years beginning on or after 1 January 2017. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards. The adoption of the revised financial reporting standards and interpretations and new accounting treatment guidance does not have any significant impact on the Company's and its subsidiaries' financial statements.

### (b) Financial reporting standards that will become effective in the future

During the period, the Federation of Accounting Professions issued a number of the revised financial reporting standards and interpretations (revised 2017) which is effective for fiscal years beginning on or after 1 January 2018. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards.

The management of the Company and its subsidiaries believe that the revised financial reporting standards and interpretations will not have any significant impact on the financial statements when they are initially applied.

2. Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2016.

### 19. Basic and diluted earnings per share

Basic earnings per share is calculated by dividing profit for the period attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the period.

Diluted earnings per share is calculated by dividing profit for the period attributable to equity holders of the Company (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the period plus the weighted average number of ordinary shares which would need to be issued to convert all dilutive potential ordinary shares into ordinary shares. The calculation assumes that the conversion took place either at the beginning of the period or on the date the potential ordinary shares were issued.

The following table sets forth the computation of basic and diluted earnings per share:

### 20. Financial information by segment

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance.

The Company and its subsidiaries are principally engaged in an online and offline information service provider and developer of financial news and other information services. Its operations are carried on only in Thailand. Segment performance is measured based on operating profit or loss, on a basis consistent with that used to measure operating profit or loss in the financial statements. As a result, all of the revenues and operating profits as presented in the comprehensive income statements and assets as reflected in these financial statements pertain exclusively to the aforementioned reportable operating segment and geographical area.

#### 21. Commitments and contingent liabilities

As at 30 September 2017, the Company and its subsidiaries have commitments and contingent liabilities other than those disclosed in other notes to financial statements as follows:

#### 21.1 Service agreements and trademark license

The Company has entered into agreements with a government enterprise to obtain the right to operate an online business information service and on 23 April 2012, the Company extended the agreement for 5 years with a government enterprise (2016 - 2020) to obtain the right to operate an online business information service. The agreement will be terminated in December 2020.
